- Completed the Software Engineering top-up degree with First Class Honours.

Higher National Diploma (HND) in Software Engineering - Overall Distinction | ESOF Metro Campus – Jaffna

Oct / 2023 - June / 2025

- Completed the HND with an Overall Distinction, building a strong foundation in programming, databases, software development, and system design.

Advanced Certificate in Computer Application | Ministry of Education – ITDLH, Thenmaradchy | March / 2023 - Aug / 2023

G.C.E. Advanced Level (A/L) – Physical Science Stream | Chavakachcheri Hindu College, Jaffna | Jan / 2020 - Feb / 2023

- A/L Results: Combined Mathematics – C | Physics – S | Chemistry – S

- O/L Results: Saivaneri – B | Tamil Language & Literature – C | English Language – S | Mathematics – A | History – C | Science – C | Drama & Theatre (Tamil) – A | Geography – A | Agriculture & Food Technology – C

PROFESSIONAL EXPERIENCE

Associate Software Engineer | Hyberry International (Pvt) Ltd - Sri Lanka Jan / 2026 – Jun / 2026

- Developed and maintained software applications, built n8n automation workflows and AI chatbot solutions, supported API integrations, testing, bug fixing, and system improvements.

WordPress Developer | LankaJob - Sri Lanka Jul / 2025 – Dec / 2025

- Developed and maintained WordPress websites, handling customization, content updates, bug fixes, and ongoing site improvements.

UI/UX Designer Intern | Venom X Technology - Sri Lanka Feb / 2025 – June / 2025

- Designed user-friendly web and mobile interfaces, created wireframes and prototypes, supported usability testing, and collaborated with developers on implementation.

LEADERSHIP & ACHIEVEMENTS

Student Council President | ESOF Metro Campus - Jaffna - Sri Lanka March / 2025 – April / 2026

- Led student council activities and supported initiatives that strengthened student collaboration, communication, and creative engagement.

Prefect | Chavakachcheri Hindu College - Jaffna, Sri Lanka Oct / 2021 – Jan / 2023

- Supported student discipline and school events, strengthening leadership, responsibility, and communication skills.

PROJECTS

IoT-Based Vehicle Rental System | ESP32, C++, React, Firebase | [GitHub](#)

- Captured live GPS telemetry through ESP32 hardware, synchronized data with Firebase, and displayed location updates and automated billing in React.

Anti-Terror Survival Shooter | Unity 3D, C#, AI, NavMesh | [Live Demo](#)

- Developed a tactical 3D military shooter with intelligent NavMesh enemy AI, adaptive behaviour, multiple combat environments, military communication, and dynamic combat systems.

GreenLife Organic Store | C# Windows Forms, SQL Server | [GitHub](#)

- Built a desktop retail management system for inventory control, secure transactions, and automated daily sales reporting.

Quiet Attic Film - Film Production DBMS | C# | [GitHub](#)

- Created a C# database management application for managing film-production data and operational records.

Grifindo Toys - Payroll Management System | C# Windows Forms | [GitHub](#)

- Developed a Windows Forms application to manage employee records and payroll securely.

Bus Reservation System | Java, NetBeans | [GitHub](#)

- Developed a Java-based console application for bus reservation operations using NetBeans.

Sampath Food City Data Analysis | Python, PyCharm | [GitHub](#)

- Analysed one year of operational data across 10 Sampath Food City branches using a Python-based data analysis system.

DigitalKeyz Website | WordPress | [digitalkeyz.com](#)

- Built a digital-services website focused on clear service presentation, client-facing content, and easy navigation.

Portfolio Website for Alex Editz | HTML, CSS, JavaScript, Bootstrap, SEO | [Live Site](#)

- Built a professional responsive portfolio website for a student and part-time video editor, including basic SEO optimisation.

Futuristic Drone Service Website | Responsive Web Design | [Live Site](#)

- Designed a modern responsive interface to present specialised drone logistics services and capabilities.

Auto Cars Taxi Reservation UI/UX | Figma | [Behance](#)

- Designed a web-based taxi reservation interface focused on clear booking flows and usability.

n8n Automation Projects | Payment confirmations, system notifications, daily summaries, AI report summaries, task reminders

- Created reusable workflow automations to reduce manual follow-up, reporting, and notification tasks.

COURSES & CERTIFICATIONS

- IBM Front-End Developer Professional Certificate
- Build a Full Website Using WordPress - Coursera
- Java Full Stack Developer Specialization
- Microsoft UX Design Professional Certificate
- Meta Principles of UX/UI Design Developer Professional Certificate
- How to Set Up Facebook Ad Campaign
- Web Development Tools Essentials
